ABOUT US

NOURISHING PETS, NATURALLY

At **Paws for Greens**, every ingredient serves a purpose.

Our range of plant-based raw food boosters, freeze-dried functional treats, herbal teas and wellness toppers combines nutrient-dense ingredients, natural antioxidants and targeted nutrition to support digestion, immunity, skin and coat health, vitality and long-term wellbeing.

Crafted for modern pets and conscious pet parents, our products offer sustainable, hypoallergenic and functional nutrition without compromising on taste or quality

Nature Inspired. Science Backed. Purposefully Crafted.

OUR VISION

A future where pet care is guided by **consciousness**, not convenience

Where nutrition prevents, labels stay **honest**, ingredients are **purposeful**, and parents choose with **confidence**.

Where **compassion** and **science** aren't in tension. They're the same decision.

Paws for Greens aspires to be a trusted global voice in plant-based canine nutrition raising the standard for transparency, responsibility, and formulation that truly serves the dog.

Paws for Greens isn't waiting for the industry to catch up.

Our range doesn't follow what's been done, it raises what's possible. We're setting the pace.

OUR MISSION

To create **plant based nutrition** that works and help pet parents understand **why**

We bridge the gap between good intentions and informed choices with functional,science backed formulations that **support dogs** at every **life stage**

We **believe** in:

- **Function over filler**
- **Honesty over noise**
- **Science over stagnation**
